

Renzo CAPANNI

Director

Master Degree in Industrial Engineering at University of Applied Sciences Switzerland and a MAS in Business Law at the University of St. Gallen.

Career start with ABB within the Supply Chain Management, gained experience in specific transport requirements of one of the larger shippers. R. Capanni joined SBB Cargo as Head of Intermodal for 5 years, responsible for the Internationalisation Strategy of the Company in Germany, Italy and the Netherlands. Afterwards he moved for 4 years to IFB in Antwerp as General Manager, at the beginning in charge of the North-South-Corridor, then the entire Network, including France, Spain, Germany, Austria, Rumania, Bulgaria and Turkey.

In 2015 he took on a new challenge and was appointed as Director Business Unit Company Shuttle and Director Shuttle Net South-East-Europe with Hupac, positions which he still holds.
