# Logistics hub Luxembourg

## Service offer

- European hub for distribution and value added logistics activities
- Supply chain management, warehousing, packaging, shipping, reverse logistics, recycling & reconditioning, etc.
- Education & training, consulting

## Why Luxembourg

- Beneficial regulatory & administrative framework
- Wide availability of logistics know-how
- Great experience in building customised strategic partnerships
- Dedicated logistics parks allow easy set-up of new value added services

# Shuttle Turkey – Trieste – Bettembourg

Project launched in September 2012

## Partners

**MARS** LOGISTICS

CFL multimodal

**CFL** cargo

## Mission

- Efficient and reliable transport of goods from Turkey to Europe

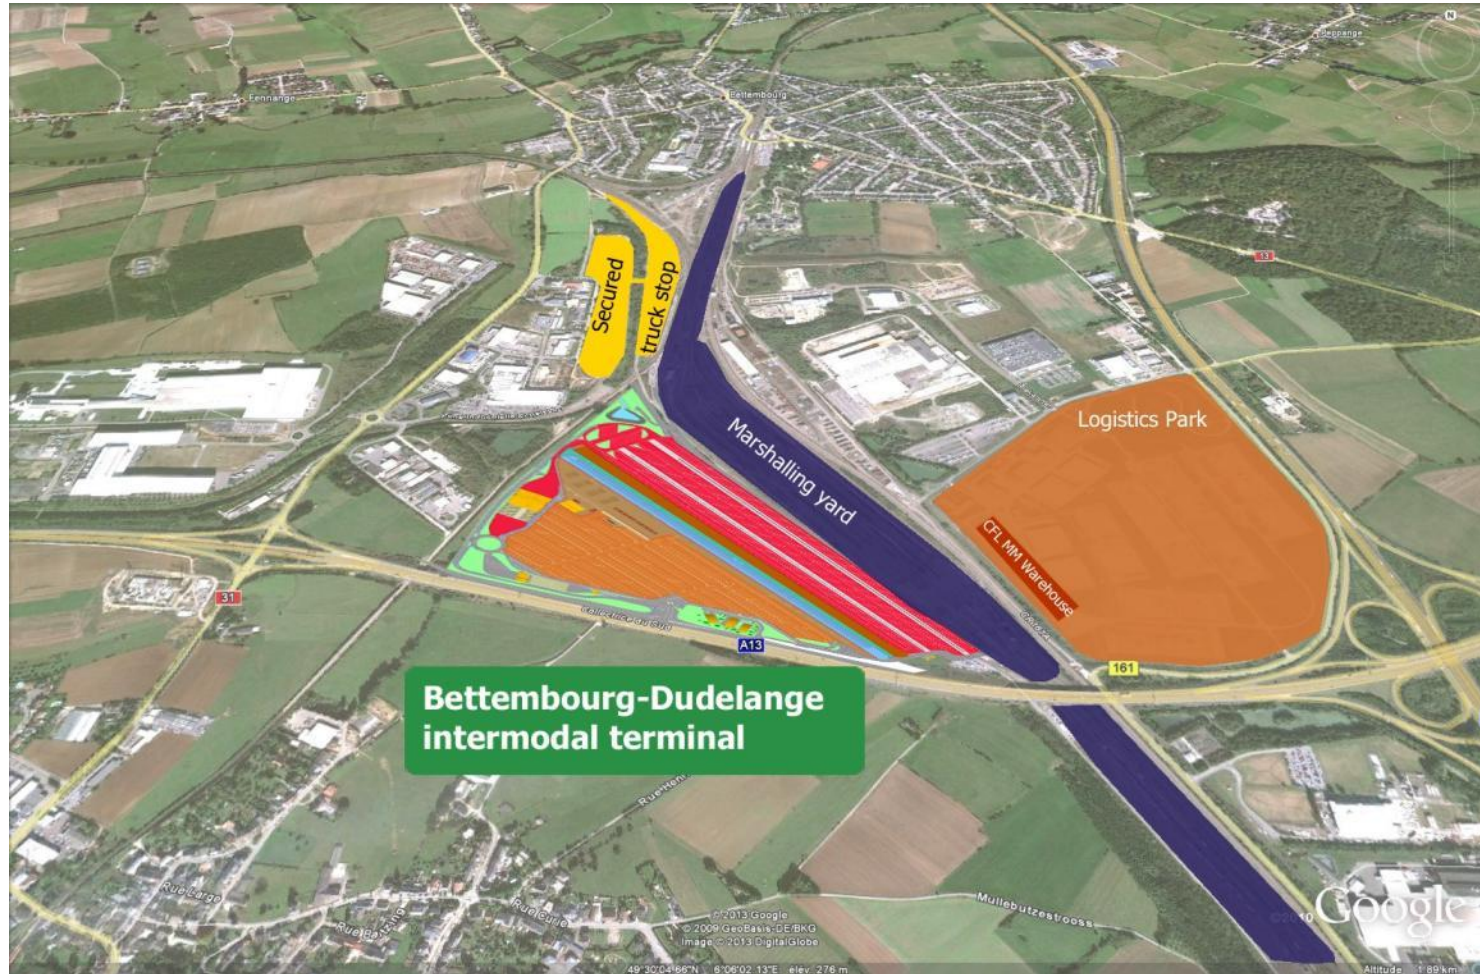

## Results

- About 10,000 mega-trailers to be transported per year
- Significant reduction of road congestion
- CO2 reduction of 13,000 tonnes
- Reduction of 75% of CO2 emissions as compared to road transport

## Project description

- Services offered between several inland destinations in Turkey and Luxembourg, France, Germany, Belgium, the Netherlands & the UK
- 3 round-trips per week to be increased to 6 in September
- Transport of mega-trailers (P4000)
- More than 2,500 kilometres from origin to final destination using multimodal solutions (road – RoRo vessel – train – road)
- From/to the Turkish ports of Istanbul, Izmir & Mersin via Trieste by RoRo vessel
- Train shuttle operated by CFL Multimodal / CFL cargo
- Project receiving funding from the EU funding programme Marco Polo

# Project Eurohub South

# New multimodal terminal

- **New terminal in 2016:**
  - ~250 000 m<sup>2</sup>
  - 4 railway tracks (700 m)
  - 2 rail motorway platforms (700 m)
  - 2 gantry cranes
- Capacity:**
  - 300,000 containers/year &
  - 300,000 trailers/year
- **New centralised 35.000 m<sup>2</sup> warehousing facilities** in logistics parc of Eurohub South

# Thank you for your attention
